International Multipoint Videoconference Solutions

Resolve takes complete responsibility for your videoconferencing success, from scheduling and managing to monitoring and reporting. We offer pre-conferencing planning, hassle-free site testing and certification, complete equipment training and meeting facilitation. Our operators will quickly identify your needs and personally handle all requests.

Every Meeting Matters

Your reputation is on the line and Resolve understands the importance of successful meetings. That's why we provide comprehensive assistance to support all your videoconferencing needs. Your dedicated operator will monitor the call and proactively troubleshoot any issues ensuring a trouble-free videoconference.

Global Reach

Achieve effective international communication anytime and in any time zone. Our team of experts continually supports and monitors your videoconferences. Bilingual personnel ensure accurate interpretation of all your international needs.

Simple Site Certification

Getting started is easy with our expert technicians who perform pre-call certification of all your locations. With no forms to fill out, simply tell us whom you want to connect and we will take care of the rest.

No Hidden Costs

Never get a surprise with our promise of No Cancellation Fees, No Minimum Fees, and No Hidden Costs. Pay only for time you use with our per-minute billing.

Flexible Service

Our flexible operations provide you with personalized service. At Resolve, we will tailor our services to your specifications from scheduling to billing.
